Development Contributions

Please be aware that there could be a development contribution fee included in the fees for your resource consent. Development contributions are payable under the Local Government Act 2002 for some projects. A 224 Certificate will not be issued until the development contributions applicable to the project are paid in full. Development contributions are adjusted at 1 July each year in accordance with our Development Contributions Policy.

We currently operate a Financial Contributions Policy under our District Plan. Financial Contributions are separate from, and may be charged in addition to development contributions under the Local Government Act 2002.

Official information charges

Time - first hour or part there of:		
Time - after first hour	Per half hour or part there of	\$38.00
Pages copied - first 20 A4 (or smaller) pages free	Over 20 pages/per page	\$0.20
Cost of CDs, video, tapes, printing larger than A4 and other materials or viewing arrangements requested		Actual cost

The Local Government Official Information and Meetings Act 1987 (Act) requires us to make available certain information which we hold. The Act also makes provision for us to make a charge for the information supplied but this charge must be reasonable and is for the cost of labour and materials involved in making the information available. If the request expresses urgency then the Council may have to use additional resources to gather the information promptly and the Act permits the Council to charge for these extra resources. If there is a charge for information we will advise you of the likely charges before we commence processing the request and will give you the opportunity to decide whether or not to proceed with the request. In such cases we may also require that the whole or part of any charge be paid in advance before commencing to process the request. If the time taken to process the information and/or the number of copies supplied is only a small margin over the 'free' allowance, we may use our discretion as to whether any charge should be made.

Where repeated requests are made by the same person or group in respect of a common subject over intervals of up to eight weeks we will aggregate these requests for charging purposes. This means that the second and subsequent requests will not be subject to one hour of free time and 20 free standard A4 (or smaller) photocopies. The charge represents a reasonable fee for the cost of providing information. It may include (but is not limited to) time spent:

- in searching an index to establish the location of the information
- in locating and extracting the information from the place where it is held
- in reading or reviewing the information
- in supervising the access to the information.

Under the Act we are not permitted to charge for:

- locating and retrieving information which is not where it ought to be
- time spent deciding whether or not access should be allowed, and in what form.

The liability to pay any charge may be modified or waived at the discretion of the delegated officer receiving the request. Such decisions should have regard to the circumstances of each request. However, it would be appropriate to consider:

- whether payment might cause the applicant hardship
- whether remission or reduction of the charge would facilitate good relations with the public or assist the department in its work
- whether remission or reduction of the charge would be in the public interest because it is likely to contribute significantly to public understanding of, or effective participation in, the operations or activities of the government, and the disclosure of the information is not primarily in the commercial interest of the requester.

Charges are set in accordance with Ministry of Justice, Charging Guidelines for Official Information Act 1982 Requests (2002) and the Ombudsman's guide to charging for official information under the OIA and LGOIMA released June 2016. If an identifiable natural person seeks access to personal information about that person then the request is governed by the Privacy Act 1993 and these charges do not apply. Information that is already publicly available (for example at our libraries and offices or on our website is not subject to the Act, and normal charges apply to the supply of this information. A person who makes a request for information under the Act may make a complaint to the Office of the Ombudsmen regarding our decision regarding supply of that information.
